## A PROVEN WAY TO KEEP DOGS PROTECTED

- One tablet, once a month
- Prevents heartworm disease caused by *Dirofilaria immitis*
- Protects against intestinal parasites:
  - hookworm (*Ancylostoma caninum*)
  - roundworm (*Toxocara canis* and *Toxascaris leonina*)
  - whipworm (*Trichuris vulpis*)
- Palatable, easy to give and a choice for dogs with beef allergies
- Small tablet size is ideal for smaller dogs

Actual size of tablet  
for 2 to 10 lb dogs
